Close Score Is Feature In First Ball Game Here

Six Circuit Clouts Mark See-Saw Contest Sunday

Although they lost by the narrow margin of 11 to 10 to the Lincoln Potters Sunday, the Truckee-Tahoe Mountaineers proved one thing very conclusively—they have a winning combination and will make a good showing as the Placer Nevada baseball season advances.

From the first to the last inning, the game was a nip and tuck affair, neither team having more than a shadow of a lead at any time.

Each team scored twice in the third inning to start the see-saw. In the fifth Lincoln went ahead one run and scored again in the sixth. The Mountaineers came right back to tie the score 4 to 4 at the end of the sixth. In the seventh, Lincoln again pounded in three runs, but Truckee took the lead with four in the seventh to make the score 8 to 7 in their favor. Lincoln tied the thing up again in the eighth with a run and in the ninth went to the front with three more runs.

In the last of the ninth, Truckee made a valiant effort but the rally went one run short of a tie.

The game was featured by home runs over the new 350-foot outfield fence. Christie, Connors and Giovannoni connected for circuit trips for Truckee and Bellotti, Noyes and Vorous ditto for Lincoln. No one was on base for any of the homers.

Eddie Ulsheimer led the batting for both teams, getting 4 for 5, two of them for two bases. Bellotti for Lincoln had 4 for 6—a home run, two doubles and a single. Frank Giovannoni pitched a good consistent game as well as getting two good hits. He left the game in the ninth after two consecutive Lincoln home runs and was relieved by Karl Kielhofer. Baxter with 2 for 5 batted in three runs while Christie also with 2 for 5 batted in two runs.

Prior to the game, the huge crowd of fans witnessed opening game ceremonies. The high school band, under the direction of Ernest Douglas, played a number of selections, the members of the team were introduced by Announcer Roy Waters and Post No. 439, American Legion, color guard raised the flag.

Next Sunday, the locals go to Colfax to meet the Fireballs.

Those present were Mr. and Mrs. Tom Patterson and Diane Ruth, Mrs. Joe Copeland, Mrs. Irene Torri, Mrs. Erminia Filippini, Betty and Arlene Copeland, Joe Patrochi and Linda Ann Torri.

Rose Boyiarides Again To Be Lake Inn Chef

Edgar Myers and Tom Bonano, who are again operating Lake Inn just west of Tahoe City, have announced that Mrs. Rose Boyiarides has been reemployed as chef at the resort. Mrs. Boyiarides is widely known in the lake area and for several seasons operated the Honeybunch Cafe, which became rather famous for its fine food. Lake Inn opens tonight for the season.

Absent Ballot Deadline Is 5 P.M. on June 1st

Anyone desiring an absentee ballot for the primary election on June 6 must make application with County Clerk R. E. Deeble, Nevada City, prior to 5 p.m. on Thursday, June 1.

Truckee Couple Parents Of Son Born May 18th

Mr. and Mrs. Edward Anderson of Truckee became the parents of a baby boy born Thursday, May 18, in Reno. The boy weighed 5 pounds 6 ounces at birth and has been named Edward Rex.

Wakefiled Tot Feted On Birthday Sunday

Joyce Marie, daughter of Mr. and Mrs. Al Wakefield, was the incentive for a family dinner, given by her grandmother, Mrs. Doris Wakefield, Sunday, May 21. The little girl was one year old on that date and enjoyed her numerous gifts.

First Forest Fire Of Season Wipes Over Small Area

This district experienced its first forest fire of the season on Tuesday at noon.

District Forest Ranger E. E. Boehm said approximately a half acre of brush and timber was burned north of the railroad above Rocky Point, a little more than a mile west of Truckee.

The ranger said indications were that a tramp waiting above the railroad for a freight train caused the fire since it started in dry grass near a large rock where someone had sat. The fire spread swiftly, crowning in the brush and trees, before the local suppression crew from the forest service, augmented by eight or ten men from Truckee, brought it under control.

The fire was a warning that despite the fact that snow has not yet gone from the woods, the dangers of a conflagration are imminent and those camping or hiking in the forests are urged to exercise extreme caution.

Burning permits and campfire permits are now required, Boehm said.

Boy Scouts Win Camporee Honor

Both of the two patrols from Truckee Troop No. 7, Boy Scouts of America, took the highest award obtainable at the overnight Camporee at Auburn Saturday and Sunday and the local troop was one of three out of the 37 in the Tahoe Area Council to receive the coveted President's award ribbon.

Thirty-seven troops participated in the program and were judged on ability to camp, cook and maintain themselves in the wilderness, packs, uniforms and morale, Scoutmaster William Bottel said.

Eugene H. Risden, assistant scoutmaster, and Senior Patrol Leader Howard Painter accompanied the local patrols and Eddie Bottel, Aaron Thomas, Tommy Dolley, Donald Metteer and Jimmy Goodhue from the Pine Tree Patrol and Willard Painter, Bobby Tonini, Charles Ed Smith and Marvin Parkhurst representing the senior scouts of the Flying Eagle Patrol.

Independents to Play Game Here Sunday

While the Mountaineers take to the road this weekend, the local American Legion's free lance baseball team will play Verdi on the diamond here on Sunday at 2 p.m., reports Bud Owens, manager.

Local Eastern Stars At Sierraville Meet

A meeting of Truckee Chapter 116, Order of Eastern Star, was held Tuesday evening, May 16, in the Masonic temple. On the following Thursday evening a group of members drove to Sierraville where they attended the reception of the grand worthy matron of California, Margaret Hughes Lauritzen.

Those attending from Truckee were Mr. and Mrs. James McIver, Mr. and Mrs. Stanley Zwarg, Mrs. Hilda Hintz, Mrs. Elizabeth Bavier and Mrs. Ida Crandall. Dan Anderson and Mrs. Mildred Burch drove over from Lake Tahoe to join the Truckee party.

The next meeting of Truckee Chapter will be on June 6, at which there will be initiatory work. All members are cordially invited.

Summer Mass Schedule For Area's Catholics

The summer Mass schedule for the Catholic Churches in this district was announced this week by Father J. Boland, pastor.

The schedule follows: Truckee Assumption, 9:30 a.m.; Tahoe City, Corpus Chriisti, 8, 9:30 and 11 a.m.; Kings Beach, Our Lady of the Lake, 7:30 and 11:30 a.m.; Globin's Chalet, 8 and 11 a.m.

Confessions before all Masses and at Tahoe City from 7 to 8 Saturday evenings.

Plans Approved For Hospital As Bid Date Is Set

July 24 Seen As Probable Date for Submisson Of Contract

The tentative date for opening bids for the Tahoe Forest Hospital construction has been set for July 24.

This was announced at a meeting of the directors of the hospital district Tuesday night during which the board approved plans submitted by Architect George Sellon of Sacramento. Some unavoidable delays in the program have been encountered due to the fact that each of the four steps required under the state-federal assistance plan must be approved by three separate agencies, a procedure which takes time.

The board agreed, however, that progress is being made as rapidly as possible and emphasized the fact that the July 24 date was tentative and the bid opening may be delayed further unless every contemplated step is taken as now programmed.

The board is now working clearing title to the 120,000 square feet donated as a site by R. Joseph at Gateway Park. The hospital will occupy 300 feet on Tahoe Drive and 400 feet along Pine Street, just a block south of Highway 40.

Approved plans call for an 11-patient room structure, each room capable of being extended to semi-private quarters with accomodations for 22 patients. The hospital will also house a complete x-ray room and laboratory, emergency room, maternity ward, waiting rooms, business offices, surgery, doctor and nurses suites, service rooms, etc., giving the district a unit complete and modern in every respect.

Steel and Concrete

The building will be erected in the form of a huge cross and will be constructed of concrete and steel, with a comparatively flat roof. Provision has been made for installation of utilities, drives and other conveniences incident to the operation of a modern hospital.

Negotiations are being made with the Truckee Sanitary District to connect the drains to the district's disposal plant and a right of way across the James McIver property has been assured.

Dr. L. D. Nelson of Truckee and Dr. John Keys of Tahoe Vista studied the plans Tuesday and expressed satisfaction on the modern plant. C. R. Heller presided at the meeting and other directors present included Ray Scott, Ted Barrett, James Sherritt and F. B. Sederberg.

Supper Dance Hi-lights Girl's Birthday Party

Miss Irene Englehart celebrated her 10th birthday on Wednesday, May 24, with a party that took the form of a supper dance at the home of her grandparents, Mr. and Mrs. William Englehart Sr. Following the serving of a spaghetti dinner, topped off with the traditional ice cream and cake, dancing, including the Virginia Reel and other folk dances, were enjoyed by the young guests. Among those present were Doris and Sharon Van Uden, Olivia Dugan, Barbara Brown, Janice Grey, Jessie Rablin, Patsy Smisek, Linda Loynd, Loretta Farrar, Jacqueline Wilson, Mr. and Mrs. M. Franzini, Mrs. Vern Shattuck, Mrs. B. Williamson, Mrs. R. Gifford and daughter Edna and Mrs. W. C. Gage.

Graveside Rites For Wilkie Here on 30th

Truckee Lodge No. 200, F&AM, will conduct graveside services on Memorial Day, May 30, at 2 p.m. in the Truckee cemetery when the ashes of the late W. F. Wilkie will be interred. Joseph Copeland is master of the lodge. Mrs. Wilkie plans to arrive here for the last rites from San Francisco.

Sun Beams

by Walter M. Barrett

Spectators at the baseball game Sunday were agreeably surprised with the progress which has been made during the past few weeks on the ball park. Hundreds of yards of earth were hauled in to extend the outfield and level the park. Scores of volunteers, including ball players, members of the 20-30 Club and hastily organized crews, have devoted many hours in hard labor while equipment from several sources has been borrowed to work almost constantly since the snow disappeared to put the park in condition, erect an outfield fence and make repairs and improvements. We cannot discount the efforts of anyone who participated, but we can extend a special bouquet to Constable N F. (Tom) Dolley for his leadership in the project. Day and night, since the project started, Dolley has been on the job, soliciting equipment, material and manpower, and overseeing the work. He did this without personal gain and with but one thought—to give Truckee one of the best ball parks in the circuit. He has well deserved the expressed appreciation of the followers of baseball.

NOTED SPEAKER TO BE HEARD HERE ON FRIDAY

The parents of children in this district will be privileged Friday, May 26, to hear one of the state's most distinguished and able speakers, Dr. Ralph Eckert of Sacramento, consultant in parent education with the state department of education, who will address his audience at Capitol Hall at 8 p.m.

The meeting is sponsored by the various service clubs and other civic organizations in the district and Dr. Eckert's appearance was arranged by Rudy Albrecht, Mountain District secretary of the YMCA, and Everett O'Rourke, district school superintendent.

Dr. Eckert gives a frank, straight from the shoulder talk, He has spoken before huge audiences in big centers and on return engagements has attracted the same crowds, so vital and interesting are his lectures.

Newlyweds Honeymoon After Rites on Sunday

Miss Peggy Joyce Carlson and Lorrin Way Ferdinand Jr. were married at a ceremony performed Sunday at the home of the bride's parents, Mr. and Mrs. Carl A. Carlson at Quincy. They left immediately on a honeymoon but will return Friday to make their home in Truckee where the bridegroom is employed at the Truckee Meat Market.

Miss Ilene Carlson was the bride's maid and Vincent Mistretta, Truckee, was best man. The bridegroom is the son of Mr. and Mrs. L. W. Ferdinand of Tillamook, Oregon, and has lived here for the past several months. They have rented a small cottage near the Gaston Hocker home on Keiser Avenue.

Hodson Wins $100 In Name the Car Contest

Harold Hodson had the right name in the Kaiser-Frazer Name the Car contest but his entry was not the first to reach the judges. However, his selection, Henry J, for the company's new small model car brought him a check for $100.

Apparently there were several entries with the name suggestion and the first one took the major prize with the others taking a division of the balance.

From San Francisco—

Mr. and Mrs. L. B. Young and the former's sister visited at the Flycasting Club last weekend en route home from a trip to Portland. Young is president of the club and plans to return with a group of members for the opening weekend of fishing.

Government To Discontinue Air Port At Truckee

Community Is Offered Opportunity to Get CAA Facilities

The intermediate landing field, operated by the Civil Aeronautics Adminiistration, four miles northeast of Truckee, will be abandoned on or about June 30, according to word received by Supervisor H. G. Loehr from A. H. Hadfield, chief of the facilities division of the CAA.

In his letter, Hadfield said that before discontinuing the field and removing the government property, they are offering the city of Truckee an opportunity to take over the field for operation as a municipal airport.

The matter is being taken up with the Truckee Chamber of Commerce's airport committee with an aim for decision.

Fifteen and a half acres of the property is leased from N. P. Mills of Sacramento at an annual rental of $60. The balance of the area, approximately 105 acres, is occupied under authority of the forest service.

Hadfield wrote that if the city will undertake to take over and operate the field as a public airport, they can transfer without cost the title to the beacon, boundary lights, markers, etc., on the basis that continued operation would be of greater value to the public and more in the government's interest than the monetary return from a public sale.

Also on the property is a garage, watch house, water tank, etc., which could probably be included.

Just what provision the government will make for an emergency airport in this vicinity has not been revealed. The local field has been the scene of many emergency landings during recent years.

ISLAND AUTHOR WILL SPEAK ON JUNE 3 PROGRAM

Hester Parsons, author and entertainer, is to appear at Truckee Friday night, June 2, at 8:30, at the Wyethia Club house, sponsored by the local woman's club. She has lived for many years in the West Indies and the South Pacific islands. Among other books, she has written "You Could Do It, Too", the highly entertaining story of her life on Tahiti.

Her program is packed full of humor, odd slants on native life, island songs and music, with a demonstration of tribal dance hand movements. A Polynesian display makes her program educational as well as entertaining. Everyone is welcome to attend.

At the meeting of the Wyethia Club held Friday evening, May 19, with Mrs. Robert Gifford presiding, Mrs. Ray Scott was appointed chairman for the annual silver tea whiich will be given in the garden of the Walter Loynd home in Gateway Park. The date has not been set. Mrs. L. D. Nelson led the group singing and Mrs. Gladys Pedley the square dancing which closed the evening's entertainment.

Mrs. Gaston Hocker was acting secretary.

Meadow Parkers Seek Better Road Condition

Twenty-four residents of the Meadow Lake Park tract met on Tuesday night to discuss road problems in that district. A committee consisting of E. H. Risden, Tom Borneman, Frank Monroe, P. H. Greenhouse and Ernest Kohl was named to confer with county officials relative to improving the road situation in the residential section just west of the Truckee-Tahoe "Y".

Weather Still Good

TAHOE CITY— Another week of warm, clear weather was enjoyed by those in the Tahoe area. Temperatures continued to rise, with a maximum of 71 recorded on May 21.

Tollefson Buys Cottage Holel; Starts Repairs

Negotiations have been completed between a Sacramento bank and C. A. Tollefson, Truckee realtor, whereby the latter became owner of the Cottage Hotel on West Main Street.

Tollefson immediately announced he will make a number of alterations in the hotel, redecorate and prepare it for new management. For the past several months, the hostelry has been operated by Mr. and Mrs. Keith Tackett who were working for the bank which took it over after Charles Brunk, the previous owner, went into bankruptcy.

During his ownership, Brunk made many repairs on the building following a fire there several years ago. He increased the size and modernized it in many respects.

Tollefson has not decided whether he will maintain the hotel under a manager or prepare it for eventual sale.

Mr. and Mrs. Tackett have rented the Saia rooming house on Church Street which they will operate, Mrs. Tackett said.

Second Fishing Season Saturday

Stream fishermen are looking forward to the opening of this district Saturday, May 27.

The opening Saturday will be the second in this district, Tahoe, Boca and Donner Lakes having been fished since April 29. The streams, with the exception of those specified by the fish and game commission and including Ward and Blackwood at Tahoe, will be opened this week.

For the most part the streams are high and muddy, but may clear sufficiently to allow for some fly casting by the weekend. However, the principal lure expected to produce results will be the traditional bait, with the lowly worm as a favorite.

Fish and game wardens advise anglers to consult the list of stream closures contained in the official abstract of the 1950 angling regulations which may be obtained free of charge.

Favorite streams in this vicinity include the Truckee River, Little Truckee, Prosser, Donner, Sage Hen and Martis Creeks and their tributaries.

Prospects are for good weather and ideal conditions with the possible exception of high water.

500 Attend Opening Of Osburn's Garage

Nearly 500 people Saturday evening attended the formal opening of Osburn's Garage, enjoyed the hospitality of the owner and admired the new, modern structure and the new Buick, for which the garage is dealer.

C. E. Osburn announced that Lorrin Russell, well known local mechanic, has been engaged in the shop with plans to augment the staff as business requires.

At the same time Osburn said he had leased the Texaco station, which he purchased with the garage and which is on the same property, to Duke Mathes, who has taken charge. Mathes says he plans a number of improvements at the station and soon will be in a position to offer complete service of all kinds for all cars.

Nevada Clergyman Is Speaker at Rotary

"Aims and Objects of Rotary" was the title of a talk given by Rev. A. A. Carmitchel of Sparks before the local Rotary Club on Monday evening. Johnny Ciardella presided and visiting Rotarians included Paul Bergemann, Nevada City; Bill Peters, North Canton, Ohio; Walt Denton, Susanville, and E. P. Biggs, Oroville. Other visitors were Vincent Mistretta and Jim Southerlin of Truckee, and George Zorich of Soda Springs.

Mr. and Mrs. N. F. Dolley and son, Tom, were business visitors at San Jose Monady, stopping at Santa Cruz en route home to visit the former's parents.

Reno Firm Low Bidder For New High School Here

$753,000 Bid Is Subject To Possible Revision Downward

Mervin L. Gardner of Gardner Supply Co., Reno contractor, Tuesday night at Tahoe City submitted the low bid for constructing the new Tahoe-Truckee Unified School District high school.

Gardner's bid was for $753,000. This amount is subject to change after the board of trustees of the district studies alternate plans and specifications at the meeting at Tahoe City this Friday afternoon at 3 o'clock.

The successful bid was the lowest of the seven considered by the board Tuesday night at the Tahoe Lake School. Others ranged as high as $855,772. Immediately following the meeting Friday, the contract for the work will be awarded, E. V. O'Rourke, district superintendent, indicated. Work is expected to be commenced within two weeks on the site a mile and a half west of Truckee just south of Highway 40 in Meadow Park. The 49-acre site has been prepared for the construction.

May Lower Figure

Alternates expected to be adopted by the board may bring the figure down below the $700,000 mark in the opinion of Gordon Stafford, Sacramento architect, who prepared the plans.

The Gardner Supply Co. has an excellent building reputation in Nevada. They constructed the new addition to the court house, built the fire station on Morrell Street, the Bell Telephone Co. building and St. Mary's Chapel, among other projects.

The building, when completed, will offer this area one of the most modern and efficient school plants in the state, W. A. Loynd, board chairman, said.

INCUMBENT WINS IN SCHOOL VOTE HERE ON FRIDAY

By a margin of 50 votes, William Rutherford of Soda Springs was reelected as trustee of the Tahoe-Truckee Unified School District in last Friday's balloting, defeating Stanley Walton, also of Soda Springs, 109 to 59.

The balloting was not heavy. The five precincts reported a total of 168 votes.

The vote by precinct was as follows:

Truckee: Rutherford 52, Walton 15; Soda Springs, Rutherford 35, Walton 8; Kings Beach: Rutherford 6, Walton 6; Tahoe City, Rutherford 16, Walton 22; Floriston: Rutherford 0, Walton 8.

Other members of the board are W. A. Loynd and V. C. Shattuck, Truckee; Thomas Lucas, Kings Beach, and Stanley Martin, Tahoe City.

John Gallerani Sr. Passes Away in South

KINGS BEACH— The sad news reached North Tahoe on Monday of the death of John Gallerani Sr. in Indio, Calif. Details of his passing are lacking, except that his body was found in an irrigation ditch after he had been missing for three days. He had planned to return to the lake this week and his body was fully clothed as if he had been ready to make the trip. However, no money was found in his clothing.

Gallerani had long been a resident of Lake Tahoe. He leaves to mourn his loss his widow, Mary, six daughters, three sons, several grandchildren and a host of friends.

Accordionists Perform For Session of Lions

A delightful musical program was enjoyed at last night's session of the Lions Club in Capitol Hall. The accordion band, directed by Instructor Frank Greco and composed of Truckee, Reno and Lake Tahoe youngsters, rendered several group and solo selections. Guests at the meeting were Al Bequette and Charles Parsons of Auburn, Wm. Gautsche and John Ciardella, Truckee.

Sarge's Will Feature Organist on Weekend

B. W. Reynolds, manager of Sarge's in "downtown" Truckee, reports that Hammond organ music has been secured for dinner and cocktail patrons Friday, Saturday and Sunday evenings. The organist will be Claude Waterson of Reno. Friday night will also feature a birthday party for Joe White, bartender at the establishment.

Cal-Neva Lodge was the setting for the Brockway Rotary Club's first anniversary party Monday night, May 22, with President Tom Lucas master of ceremonies. Preceded by a cocktail hour, the Rotarians and their guests partook of a delicious steak dinner in the beautiful candle-lit dining room. Following introductions of members and guests, Lucas relinquished the gavel to Mulford Miles who received two new members, Melville Miller and Jerome Gordon, into the club, with the presentation of a framed Code of Ethics to each.

Rev. J. Edw. Oslund of Reno was the guest speaker of the evening. A former chaplain at the federal prison on Alcatraz, he gave a resume of some of his experiences while there and explained the defense and guard system used on the island. He said there is an excellent library of which the inmates make extensive use, especially the law section, many hoping to find case histories similar to their own to use as a basis for appeal. Rev. Oslund made it plain that no special privileges are granted to anyone. The prisoners at Alcatraz are transferees from other prisons where they have been disturbing elements among their associates. The duration of their confinement on "The Rock" is determined upon how well they rehabilitate themselves.

Steve Lombard, district governor, complimented the club highly on the influence it has had during the past year on other clubs in the district—"the Brockway club being the outstanding club and the envy of all other clubs in the district." He also stated he had recently received a letter from the president of Rotary International expressing the same idea. Among the many guests present were Rod Cameron, Columbia motion picture star; Mrs. Lombard, Mrs. Oslund and visiting Rotarians from Oakland, Truckee and Tahoe City.

Recent honeymooners at Tahoe were Mr. and Mrs. Mead W. Foster who were married in Salt Lake City, home of the bride. After their church wedding May 15 the couple drove to Lake Tahoe, stopping at Jones' Cottages on the north end for a week before continuing on to Inglewood where Foster is employed.

Mr. and Mrs. R. J. Bush of Reno were recent honeymooners with "The Burroughs". Bush has spent some time at the lake; is now operating a service station in Reno.

A committee from the Tahoe Vista area met with the North Tahoe Public Utility District on Thursday night, May 18, to discuss ways and means of annexation. A petition is now being drawn up by an attorney and will soon be ready for circulation.

David Miles was one of the most surprised boys in there hills May 18 when the boys and girls from Mr. Charles Chubb's room at Kings Beach School went to Truckee Ball Park for a sports day. Right in the middle of the game David's mother, Florence, and sister, Camy Althof with her son, Chris, moved right in the scene with a birthday cake and other refreshments for a real surprise birthday party. The game had to go on and refreshments could not be enjoyed until the finish. Then prizes were presented winning players of both sides by Mrs. Miles. The group pooled financial resources for gifts appropriate for their buddy who that day celebrated his 13th birthday.

Douglas Miles, another son of Florence and Mulford Miles, stationed in Italy, quite happy in Uncle Sam's service, recently was awarded a promotion.

Mr. and Mrs. Wayne C. Hunt of Grants Pass, Ore., have returned to their Pine View Cottages for the summer.

A "Mother and Daughter" evening, sponsored by the Woman's Society of Christian Service, on May 19 found 58 enjoying a delicious dinner at Carpenter's Hall in Kings Beach. Rev. Oscar H. Swenson offered blessing and the program opened with an appropriate song. Dinner was interspersed with recitations and songs by Johne Rudolph, Karen Decker, JoAnn Palmer, Caroll Street. Jacquie Abbott and Matildia Dorn. Flowers were presented to the eldest mother, Mrs. Ann Blaue; the youngest mother, Mrs. Dot Hartman; the eldest daughters, Shirley Wagner and Barbara Ann Parr; the youngest daughters, Gwen Misner, Etheline Noel, Karen Keys and Joanne Decker. Other receiving the compliment of flowers were Mrs. Mosier, president of the WSCS; Mrs. Judy, Sunday School superintendent. Mrs. Clara VanHooser was chosen the outstanding mother. Being absent, her mystery daughter, Micky Ann Wing, was presented with a lovely bouquet of gladioli in Mrs. VanHooser's honor. Mrs. Mosier thanked and highly praised the committee, Mrs. Glunt, Mrs. Blaue and Mrs. Dickow, for their fine work in preparing the dinner and entertainment. Mrs. Neff took care of the kitchen while Mrs. Wing and Mrs. Hartman did waitress duty. Tables were decorated in pink and white.

We happily admit that the last Community Club meeting at Kiski Lodge last Thursday evening was the best that has ever been given, and we happened to be president for two years. This last meeting, with its 100 per cent attendance, 18 new members taken in and with a snappy meeting proves that the Donner Community Club is no longer a "baby". It is now a full-fledged bird and flying under its own power. Two new members are Ruth and Carl Widing of Rancho Sierra at Emigrant Gap, which also shows that the club is expanding its boundary. This couple, who attend all mountain gatherings, are as much at at home in this area as they are in their own and the Donner Community Club welcomes this progressive and civic minded man and wife.

Lola Schull, the capable president, has put the board of directors to work, all decisions being made by them to the extent that decisions only are rendered at the meetings, and the rest of the meeting is devoted to a social life.

No baby sitters are required for Community Club night, for baby sitters are provided at the club meeting. Dinner was served at 6:30 p.m. at the modest price of 75 cents for the olders and 25 cents for the youngers. Lola reports clearing quite a few dollars for the club coffers. After dinner the youngstes were herded upstairs where they were entertained by movies.

Wanda Misener, who read her secretary's report for the first time, had a tiny quaver in her voice but did a fine job. John Carl, treasurer, read his report with a great deal of assurance for the Donner Community Club is one of the most solvent in the whole area.

Lola then deplored the fact that the are hadn't had time nor opportunity to give the two teachers, Mrs. Olia Tiffee and Miss Pat Bowman, a tea or party in appreciation of the interest they have shown in the Donner Trail children and then presented each with a present in the name of the club. Little Nancy Williamson came in for a surprise too when she was given a set of silver bracelets for the hard work she did last winter as a queen contestant for the Sierra Dog Derby, for 15% of Nancy's votes went into the club coffers toward the purchase of a curtain for school. Glen Parsons was given a gift for his good work as last year's president.

It was announced that the club has gone on record as supporting the 60-mile Overland Trail movement and that James Sherritt, already on the committee promoting it, also represents the club in that capacity. The project can qualify for the monies now shelved in the state beaches and parks commission for promotion of recreational projects. A survey is now under way. Think of 30,000 horsemen having free access to a 60 mile riding trail that will bring them from the valleys into the very heart of the cool Sierra!

Next meeting will be a box social with Al Alden of Cisco chairman. A surprise is in store, says Lola, something new in the way of box socials. Also a home made candy sale with Nat Williamson chairman of this portion of the next meeting. The spring lamb that James Sherritt has donated to the club will also go on sale at the next meeting. The following meeting is the regular clean up day when the club's members come in overalls to clean up the grounds and build a backstop for the baseball diamond. Weather permitting, this will be a weiner roast.

Riding westward down the hill through the Kingvale area, on our way to vote for school trustee last Friday, the odor of smoking stumps filled our nostrils. Stopping to investigate, we noted Ernie Tschopp clearing his land for his new garage. As the snow recedes, he clears and by the time the last drift has melted away from beneath the trees, he should be ready to start his new business. A few brave Kingvale Parkers wade thru' dampness to take off the shutters from their various abodes so that they can start to remove the winter's dust from the furniture and move away from the Valley heat. The first of these are the Ray Dunshees who came to visit us and plan extensive improvements on their property this year.

FOREST FIRE LAWS NOW IN FORCE, PERMITS NEEDED

KINGS BEACH— The Forest Service reports that burning regulations are now in force. Anyone wishing to burn in an incinerator, burn debris, operate a welding torch, use blasting material or build a campfire must first secure a permit from the U. S. Forest Service. People of the Lake Tahoe area from Stateline at Brockway to Chambers Lodge at McKinney Creek, the north and west portion of Lake Tahoe that lies within the boundaries Tahoe National Forest, may contact the fire prevention officer of that area by calling Tahoe City 360 or by going to the U. S. Forest Service Station at Tahoe Park.

Tahoe City residents may apply to their fire chief, Al Henry Jr. Truckee area residents may apply at the Forest Service Ranger Station at Truckee for their permits.

Following is a digest of various state laws applicable to fire control:

Anyone who permits a fire to cross property lines is liable for damages caused thereby. Expenses for fighting such fires shall be a charge against any person made liable. During the period April 15 to December 1, no one shall burn brush, stumps, logs, or any other inflammable material, or set off fire works, explosives, etc., without a written permit and in strict accordance with the terms of such permit. No one shall use or operate any motive power equipment in any industrial operation located in or near any forest or brush land without providing and maintaining for fire fighting purposes exclusively a suitable box containing sufficient tools to equip 10 men for fire fighting, including shovels, axes, and scraping tools. No one shall operate any stationary or mobile equipment in, on or withing half a mile of any forest, brush, grass or grain covered land unless such equipment is provid ed with an adequate device from the exhaust approved by the National Board of Underwriters to prevent the escape of fire or sparks. All mobile equipment shall be equipped to carry at all times a serviceable shovel for use in prevention and suppression of fires. Anyone who throws or places any lighted cigarette, cigar ash or other flaming or glowing substance or thing which may cause a fire in any place is guilty of a misdemeanor.

The Forest Service sincerely asks your help in maintaining an intelligent and efficient fire prevention plan.

Due to daylight savings time change, the regulation burning hours will be from 8 p.m. to 8 a.m. Between these hours, under normal weather, conditions are slightly unfavorable to the spread of fire and sparks are less apt to ignite the fuel in which they fall. Between the hours of 8 a.m. and 8 p.m. conditions are extremely favorable to the rapid spread of fire. The forest fuels have had their kindling point lowered by the sun and warm air has lowered humidity to such a degree that a spark will ignite and cause the fire to spread rapidly.

GRADUATION

—by Ruth Osburn

Graduation is only three weeks away. If the weather permits, an outdoor graduation is planned to be held at Tahoe City June 10. All the 8th grade students of the Tahoe-Truckee School District will gather there to graduate. One purpose of having all the graduations together is to get all the graduating students together. This will give the students a chance to meet the people they will be going to school with next year. Those who are graduating from the Truckee Elementary School are Raymond Dixon, Alberta Cooper, Alfred McGee, Lois Grey, Margie Osburn, Marie Osburn, Ruth Osburn, Marilyn Shafer, Felip Valdez, Joan Ward, Louise Love and Beverly Jefferis.

BANQUET

—by Louie Ramirez

The 7th and 8th grades are going to have their banquet at Donner Lake Lodge at 8 o'clock June 7. There will be entertainment and dancing. Mary Ann Tonini will read the "Besetting Sins" and Ruth Osburn will read the wills.

THIRD SHOTS

—by Marie Osburn

Monday the third and final immunization shots were given to pupils of both the Truckee Elementary and high schools. They were started in Larch and the second series was given in April. The shots included tetanus, diphtheria, whooping cough and one for smallpox. Booster shots were given in March. Booster shots require only one treatment and are good for three years. The three treatments are for the complete vaccination which is good for six years.

PICNIC

—by Alberta Cooper and Margie Osburn

The 7th and 8th grades are planning on going over to Moana for their swimming party and picnic June 15. The school bus will furnish transportation. We are leaving in the morning and won't return until 3:30 that afternoon. The School Club is going to furnish two cases of Coke.

PLAY DAY

—by Ernest Towler Jr. and Billy McClain

On May 18, Mr. Welsh's room and Mrs. Kishbaugh's room had a play day at the Truckee Baseball Park. The school bus left for the park at about 12:10 and got back just before school was out. Lunch was served to the children. The main events were baseball games in which the 5th played the 7th and the 6th played the 8th. After the games, ice cream was served. When everybody had been served, there was still some left over so they had races in which the winners recieved the rest of their ice cream. Everyone enjoyed the play day very much.

THE YOUNGER SET

—by Marilyn Shafer

In the 1st grade room the pupils are still building their community. They have added an airport and have play airplanes. They have tickets and pretend they take airplane trips. Also, they are learning songs about their community. Monday, the mothers brought the pre-school children to school and enrolled them. They used Mrs. Brown's room so Mrs. Brown had her classes outside.

In the 2nd and 3rd grades, Jan Jarvis brought a collection of butterflies to school and they are studying them.

5TH & 6TH GRADES

—by Alfred McGee

The 6th grade had an arithmetic test in fractions and Sonja Rylander and Lee Rich got 100. Last Friday Mr. Kishbaugh was sick and Mrs. Wilson took his place. The boy's airport is coming along fine. Tommy Dolley and Frank Giovannoni are painting the runways.

WEAVE MATS

—by Ace Phipps

In the 3rd and 4th grades different children are weaving mats of wool. Jerry Helgeson has made his own looms and has partly woven two woolen mats. David View has completed his mat and it is now displayed in the main hall in the grammar school.

KNOW YOUR NEIGHBOR

—by Irene Goicoa

Your neighbor for this week is Billy McClain. He was born May 23, 1937, at Pasadena. He is five feet four inches tall, has brown eyes and light brown hair. Before Billy came here, he lived at Baldwin Park. He now lives at Floriston. He goes to the Truckee Elementary School and is in the 8th grade. His favorite subject is reading. He likes all kinds of songs. His best sports are basketball, hunting and fishing.

PERSONAL NOTES

—by Sharon Pace

Kenny Osburn went to San Francisco on the train....Jan Jarvis caught butterflies over the weekend and brought them to school....Ruth Osburn and Beverly Jefferis stayed with Lois Grey over the weekend and they also went to Reno....Irene Englehart and Barbara Brown were both 10 years old this week....Alberta Cooper and Mary Ann Tonini went to Reno Saturday....Louise Love went to Donner Lake on a picnic Saturday and Sunday....Marilyn Shafer went to Vacaville Saturday and Sunday.

SUMMIT SCENE

(Continued from Page 3)

a novel idea for Ice Lakes for Father's Day. "By June 18th, the road to Ice Lakes will be open," says Bill. "Any family who wants to bring dad out for a dinner, the dinner is on the house for dad."

Mrs. Tiffee and Miss Bowman of the Donner Trail Elementary School lament the fact that the youngsters will not have time to put out another newspaper before the end of school season, which, by the way, is this Friday, so the teachers ask that we report thusly:

The Donner Trail Elementary School is only school in this district (and perhaps any district) where every child owns his own musical instrument and participates in the school band. Getting instruments for some of the children has proven quite a hardship for many parents but instruments they have, and fine ones. In time the Donner Trail School band will be marching along with the best of them.

Mrs. Tiffee is also proud of the hot lunch program, for every parent cooperates in seeing that their children take advantage of hot lunches — every single one. We were happy to hear the teachers say that they had never worked with a more cooperative group of parents.

It is our turn to say that perhaps the parents have never had a more cooperative duo to work with. We stepped in the large, light, modern combination classroom and auditorium the other day and spent a lot of time dawdling over the impressive project on Alaska. We know that a lot of time has been spent on these various geographical projects. For instance, Theodore and Fern Schlueter of Lake Tahoe visited the school after their trip to Hawaii, Theodore in a bright Hawaiian shirt and Fern in native garb. This was at the time the children were studying our Pacific Islands.

Ruth and Carl Widing announced at the Community Club meeting that the public presentation of two historical landmarks will take place in their area on June 25 with Senator Knowand (or maybe they said Joe Knowland) presiding over the ceremonies. We'll have more details on this later. Ruth, a Native Daughter and an area booster, says they (the Widings) donated the land for the marker and that bronze plaque which will be placed thereon will show where the Emigrant Trail crossed into Bear Valley. Another historical marker will be placed at Gold Run and we'll have to ask Guy Gilchrist, who has been working on the Gold Run marker, what this marker will mean to history lovers.

Hear about new summer developments for Donner Lake Lodge which should bring a lot of new type of sportsmen into the area—boat races, regattas, water ballet and the works. Hope their plans work out successfully.

Betty Horak returns shortly from Sacramento with Sally Joyce, the new Horak daughter.

O.K. TREE CUTTINGS; DEFER ACTION ON DETAILS AT MEETING

TAHOE CITY—A meeting was held last Friday by property owners of Tahoe City to discuss the proposed logging on 45 acres of public property above the community's reservoir. Judge C. W. Vernon presided at the meeting, held at the community center. The Tahoe City Public Utility District was represented by board member Ernie Pomin, in addition to Chairman Vernon.

Those present voted unanimously to allow the area to be cut, the loggers complying with satisfactory silvicultural requirements. The question as to which of two, or possibly more, bids should be accepted was not answered, although much discussed.

Competing bids for the stumpage which is found in the mixed forest of sugar pine, yellow pine, white fir and incense cedar offer on one hand higher income per acre and logging of all the species, but on the other hand lower income per acre immediately, logging the pines only, more thorough slash disposal. Minimum diameters would be 20 inches for the pine.

The complex question as to which cutting plan would most benefit the community, considering the silvicultural effect on the stand, with its resultant range in values along with the monetary values received by sale of stumpage was not voted on. The postponement of the vote until a meeting on June 2 was also out of consideration to those who were not present.

From Alhambra—

Mrs. Phil Geier has returned to Tahoe City from Alhambra where she visited her daughter. She said she had to return to Tahoe to "see the sun" as it was foggy most of her stay.

P.T.A. CARNIVAL TO RAISE FUNDS FOR SCHOOL MUSICIANS

TAHOE CITY—The Tahoe Lake PTA will have its annual Carnival in the Tahoe Lake School on Saturday, June 3, starting the festivities at 6 p.m. The Carnival which features fun for young and old alike is a fund raising project for the children of the school. The proceeds will be used for the purchase of musical instruments and other benefits for hte children.

Mrs. Roy Johnson, the general chairman of the event, has, with the support of PTA members, arranged a variety of entertainment. There will be two movies —one at 7 p.m. and one at 9 p. m. which include two cartoons and two travelogs. Other features will be a fancy-work booth, white elephant booth, fish pond, doll booth and games of skill. A variety show, music and dancing will complete the program and coffee and hot dogs will be served. A good attendance is expected to support this worthwhile benefit.

TEACHERS, PARENTS CONFER ON PLAN OF HEALTH, SAFETY

TAHOE CITY— A meeting was held Monday afternoon at the Tahoe Lake School Monday afternoon to consider public school instruction in health and safety in the Tahoe-Truckee Unified School District. Conducting the meeting was Lyn Kishbaugh, Truckee Elementary School, coordinator for the district's health and safety program. Attending were Dr. J. A. Keys, Tahoe Vista; Teachers Lucille Hallenbech, Kings Beach, Blanche Gage, Truckee, and R. R. Gilbert, Tahoe Lake; PTA represenatives Mrs. Max Porter, Tahoe Lake, Mrs. Donald Sites and Mrs. Ernest Towler, Truckee.

The afternoon round table discussion was on the local needs and problems, preventative and remedial measures concerning the following general topics:

Communicable diseases, clothing, teeth, safety, sleep, mental health, eye, ear, nose and throat, nutrition, recreation and occupation, body, cleanliness and general first aid. In addition to discussion on the scope of classroom instruction on these, the need for parent and teacher conferences and service club participation was brought out. One recommendation meeting unanimous approval was the extension of adult education classes to include subject matter that would aid the community in developing, both in the schools and out, a more effective health and safety program.

Mr. and Mrs. N. J. Lindenfeld of Los Angeles are opening their summer home at Meeks Bay this week for their annual sojourn at Lake Tahoe.

INSTRUCTION SET AT LAKE TAHOE FOR HANDLERS OF FOOD

TAHOE CITY— On Wednesday, June 7, the first class in the food handlers training program offered by the Placer County Health Department will be held in Kings Beach. The state department of public health is cooperating in every way to help along the success of this program. There will be two classes during the day and evening. The afternoon class will be from 2 to 4 and the evening class from 7 to 9. C. K. Richardson, registered sanitarian from the county health department, will conduct the sessions. Films, slides and other interesting demonstartion material will be furnished by the state department.

On Thursday, June 8, the program will continue in Tahoe City, with both afternoon and evening classes.

Owners, managers and employees of food handling establishments in the Tahoe area will be notified soon as to the exact locations of these two sets of classes.

Truckee to Tahoe Mail Route Up For Bids

Sealed bids will be received at the office of the Second Assistant Postmaster General, Washington 25, D.C., until 5:15 p.m. June 8 for carrying the U.S. mail from July 1, 1950 to June 30, 1951, between Truckee and Tahoe City. The contract will cover seven trips a week from May 1 to September 30 and six per week from October 1 to April 30.

Award of the contract contemplates discontinuance of service under the present contract, costing $2580 per annum. A bond of $1800 will be required. Further details may be obtained from notices posted in the post offices at Truckee and Tahoe City.

Perhaps the greatest advance in the science of timekeeping was the introduction of jewels to the watch. A Swiss craftsman, Nicholas Fatio, discovered in 1704 that the accuracy of a watch movement increased 50 times with tiny jewels as bearings for moving parts. Fatio originally used gems. Today's watch jewels are synthetic stones worth only a few cents each. Watchmakers say there are only 17 points in even the finest watch movement where jewels are needed.
